#### The Maiden's Bookshelf: The Surgery Room

Written by Kyoka Izumi/Illustrated by Honojirotowoji

In "The Maiden's Bookshelf" series of books, contemporary illustrators reimagine famous classic novels by Japanese authors, resulting in fascinating books, each of which can be enjoyed both as a novel and an artbook. *The Surgery Room* is one such "collaboration", blending the popular novel by Kyoka Izumi with illustrations by Honojirotowoji ("Sword Dance").

Known as a pioneer of fantasy literature, Izumi Kyoka had huge impact on the writers that followed. *The Surgery Room* is a romance novel written in his unique style.

Illustrator Honojirotowoji is known for character design for Sword Dance and many other illustrations and manga. For this series, he has also illustrated the world of Kyusaku Yumeno's *Bottled Hell*.

You can display "The Maiden's Bookshelf" series on your bookshelf or give it as a gift to that special someone. There are currently 30 titles in the series, all with illustrations in full color.

#### Yuzuru Hanyu's Photo Book The Real: Beautiful Practice Uniforms of Courage

Photo by Sunao Noto/ Yukihito Taguchi/ Joe Kobashi

An athlete's "ultimate costume" is his training outfit.

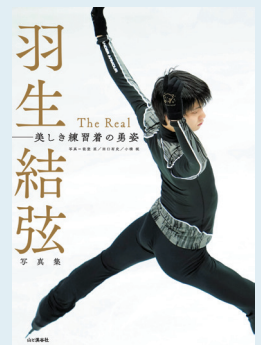

Behold the true form of Yuzuru Hanyu.

This book is a collection of photographs of Yuzuru Hanyu, the world's top figure skater and consecutive winner of the men's single title at the Winter Olympics, in his various training outfits.

Figure skating magazine *Quadruple Axel*, which has followed Yuzuru Hanyu's rise to absolute champion since 2008, has condensed his "real face" into one volume.

The book contains a selection of exclusive portraits and rare interviews, including some captured during training sessions at his home rink and off-the-ice shots during competitions, where his training outfits highlight his well-trained form, with every movement beautiful right down to his fingertips.

#### Tokyo Storefronts Mateusz Urbanowicz Collection

Written and illustrated by Mateusz Urbanowicz

*Tokyo Storefronts* is a series of illustrations of old buildings in Tokyo by Polish illustrator Mateusz Urbanowicz. The illustrations gained popularity when they were first published online in 2016, and were even featured in newspapers and on TV. And now, they are finally available as a book!

This volume contains 50 works in total, including 40 newly drawn illustrations. It also provides insight into how the buildings were designed and constructed, with images of the buildings while under construction, bird's-eye views, and fascinating anecdotes. The bilingual explanatory text is printed in both English and Japanese. It is the perfect guide to nostalgic Tokyo buildings, as observed and drawn from the perspective of a foreign artist.

*Tokyo at Night* is a second collection of Urbanowicz's illustrations.

#### Sleeping Kingdom Kuu

Written by Hideaki Yanaga/Illustrated by Makiko Inatome

This is the perfect picture book for putting your child to bed. The author, a psychotherapist, incorporates cutting-edge psychological research and techniques throughout the book, which is designed to help children relax and feel sleepy in 5 minutes when read. Reading the book will also help your child to grow up to be good, energetic, and healthy. Furthermore, it is also effective for adults who suffer from insomnia.

This pleasant book tells the story of Kuu, a kitten that has many adventures around the Sleeping Kingdom in his quest to become a better child. Illustrations are by Makiko Inatome, whose gentle touch soothes the hearts of viewers.
